

NetAnalysis v1.57

This release of NetAnalysis is a maintenance release which adds support for the latest versions of Google Chrome, Mozilla Firefox and Opera Blink.

19th February 2014

We have released v1.57.14023.7 today to fix an issue with processing some corrupt IE9 data where NetAnalysis may hang during import. See the [release notes](#) for the download link.

Known Issues

NetAnalysis® v1.5x does not support USB dongle licences on Windows 8. An updated driver is required. Installing [HstEx® v3.10](#) will update the driver allowing the USB licence dongle to be detected.
