## 1. Introduction

1.1. This Licence Agreement ("Agreement") is an agreement between you and Digital Detective Group Limited ("Digital Detective"). Please read these terms carefully before downloading, installing or using any software and applicable documentation supplied by Digital Detective (the "Software"). These terms govern your rights and obligations relating to the use of the Software.

1.2. "Licensee" means the individual or legal entity that purchases, downloads, installs or otherwise acquires the Software from Digital Detective or through a reseller or distributor.

1.3. A "User" means any end user authorised to use the Software. A User may include employees, contractors, or other authorised personnel of the entity to which the Software is licensed.

1.4. A "Person" means any individual, partnership, firm, trust, corporation, company, government, governmental body, or other legal entity.

1.5. An "Affiliate" means, in relation to a Person, any other Person that directly or indirectly controls, is controlled by, or is under common control with that Person.

1.6. By downloading, installing or otherwise using the Software you agree to be legally bound by this Licence Agreement.

1.7. If you do not agree to the terms of this Agreement, you must not download, install or use the Software.

1.8. Purchase Orders and Procurement Terms: If the Software is supplied pursuant to any purchase order, procurement document, vendor portal, security questionnaire or similar document issued by the Licensee, such document shall be deemed to be issued solely for administrative or billing purposes. The Software is licensed solely subject to this Agreement and any additional or conflicting terms proposed by the Licensee are expressly rejected unless agreed in writing by an authorised representative of Digital Detective.

1.9. Reseller and Distributor Transactions: Where the Software is supplied through a reseller or distributor, the reseller or distributor acts solely as an independent sales channel. The reseller or distributor is not authorised to modify this Agreement, grant additional rights in the Software, or bind Digital Detective to any additional contractual terms. Any terms agreed between the Licensee and a reseller or distributor apply solely to the commercial transaction between those parties and shall not modify or supersede this Agreement.

1.10. Customer Policies and Requirements: Any internal policies, procurement rules, security requirements, or supplier onboarding conditions of the Licensee shall not modify or form part of this Agreement unless expressly agreed in writing by Digital Detective.

1.11. Order of Precedence: In the event of any conflict between this Agreement and any purchase order, procurement document, reseller agreement, customer policy, or other document, the terms of this Agreement shall prevail unless expressly agreed otherwise in a written agreement signed by an authorised representative of Digital Detective.

## 2. Licence

2.1. Free Tools: Certain software distributed by Digital Detective may be provided free of charge ("Free Tools"). Digital Detective may modify, withdraw, or discontinue Free Tools at any time without notice. Free Tools are provided "as is" without any warranty or support obligation.

2.2. Evaluation Licences: Evaluation versions of the Software may be supplied for the purpose of assessing the Software prior to purchase. ## 7. Warranty

- 7.1. The Software is provided as an investigative and analytical tool intended to assist trained professionals. Digital Detective does not warrant that the Software will identify, recover or interpret all available data or artefacts, nor that any results produced by the Software are complete, accurate or suitable for evidential purposes.
- 7.2. Digital Detective does not warrant that the Software will detect, recover, identify or correctly interpret all data, artefacts or activity that may exist on any digital device or media. Interpretation and use of the results produced by the Software is solely the responsibility of the User and not Digital Detective.
